All marine tariffs (Section 1-8 of the Tariff Book, excluding Section 7 that deals with cargo dues) for existing commercial South African flagged vessels as well as commercial vessels registered in South Africa 2019/20 will receive a 30% discount applicable year on year up to 31 March 2022. Vessels registered in South Africa in 2020/21 will receive a 20% discount up to 31 March 2022 and similarly a vessel registered in 2021/22 will receive a 10% discount up to 31 March 2022. The incentive will thereafter be reviewed.

In line with the Multi-Year Tariff Methodology of March 2017, the Ports Regulator has projected that the indicative overall average tariff adjustment for the 2021/22 and 2022/23 tariff years will be at or below the 6% inflation target band.

The aforementioned tariff amendments will be automated through the TNPA invoicing systems triggered by the normal submission of cargo dues orders, effective from the 1st April 2020.

We herewith attach a copy of the 2020/2021 tariff book containing all the relevant charges and details for your information.

TNPA would like to assure you of our best service at all times.
